

McLean County Farm Bureau Foundation

2022 Ag Science Grants

Application deadline: February 1, 2022

Grant Guidelines

Ag Science Grant Description

McLean County Farm Bureau® Foundation offers special funding to support educational programs that provide hands-on learning opportunities and instruction related to agricultural science to McLean County youth. A total of up to \$5,000 is available to be distributed in Ag Science Grants each year.

Eligible schools:

- Bloomington
- Blue Ridge
- Calvary Christian Academy
- Central Catholic High School
- Cornerstone Christian Academy
- Corpus Christi
- El Paso-Gridley
- Epiphany
- Hammit School
- Heyworth
- Holy Trinity
- ISU Lab Schools
- LeRoy
- Lexington
- McLean County Unit #5
- Olympia
- Prairie Central
- Ridgeview
- St. Mary's
- Trinity Lutheran
- Tri-Valley

Please note: FFA Chapters are not eligible for an Ag Science Grant, but can apply for the [FFA Matching Grants](#) from McLean County Farm Bureau Foundation

Grant Criteria

1. Grant projects must be directly related to agricultural science:

Agricultural science is defined as the application of soil, plant or animal sciences; computer science, mechanics or technology; and chemistry, physics or environmental sciences to the production of food, feed, fuel & fiber.

2. Grant funds must be used for educational purposes. Options include:
 - Ag Science Learning Kits (see attached list for suggested options)
 - Supplemental materials – books, equipment, supplies to go with a learning kit
 - Other ag science learning kit, supplies or materials

Grant Recipients

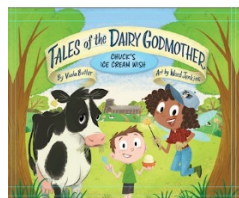

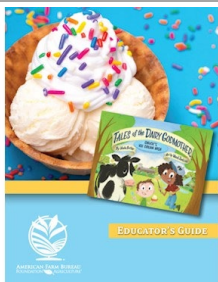

- Grant recipients will be required to complete a grant report with project results by Oct. 31, 2022.
- Upon completion of the grant project please send a & thank you with any pictures or news clippings to:
 - McLean County Farm Bureau Foundation
2242 Westgate Drive
Bloomington, IL 61705
- Report, thank yous & pictures may also be submitted electronically to anna@mcfb.org

Ag Books

A few of our favorite books

Chuck's Ice Cream Wish Bundle

Cost: \$18/book, \$4 Educator Guide

Recommended for Grades:

K	1	2					
---	---	---	--	--	--	--	--

- Chuck's Ice Cream Wish (Tales of the Dairy Godmother) book
- Educator's Guide - lessons & activities

Links:

<https://www.agfoundation.org/ag-lit-catalog/view/chucks-ice-cream-wish-tales-of-the-dairy-godmother>
<https://www.dmsfulfillment.com/FarmBureau/DMSStore/Product/ProductDetail/26404>

Full of Beans Bundle

Cost: \$19/book, \$4 Educator Guide

Recommended for Grades:

3	4	5					
---	---	---	--	--	--	--	--

- Full of Beans: Henry Ford Grows a Car book
- Educator's Guide - lessons & activities

Links:

<https://www.agfoundation.org/ag-lit-catalog/view/full-of-beans>
<https://www.dmsfulfillment.com/FarmBureau/DMSStore/Product/ProductDetail/26368>

How Did That Get In My Lunchbox? Bundle

Cost: \$10.50/bundle, book only \$6

Recommended for Grades:

K	1	2					
---	---	---	--	--	--	--	--

Includes:

- How Did That Get in My Lunchbox book
- Educator's Guide - lessons & activities
- Companion Poster - My Food Connection

Link: <https://www.dmsfulfillment.com/FarmBureau/DMSStore/Product/ProductDetail/18072>

<h2><u>John Deere, That's Who Bundle</u></h2>	Cost: \$21/bundle, book only \$14							
	Recommended for Grades:							
	<table><tr><td>K</td><td>1</td><td>2</td><td></td><td></td><td></td><td></td><td></td></tr></table>	K	1	2				
K	1	2						
	Includes: <ul style="list-style-type: none">• John Deere, That's Who! Book• Educator's Guide – 6 lessons & activities• Set of 30 Ag Innovations Ag Mags							
Link: https://www.dmsfulfillment.com/FarmBureau/DMSSStore/Product/ProductDetail/26183								

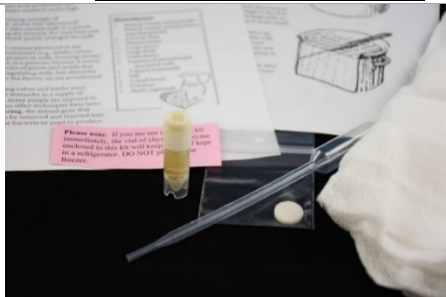

<h2><u>Right This Very Minute Bundle</u></h2>	Cost: \$22/bundle, book only \$18							
	Recommended for Grades:							
	<table><tr><td>K</td><td>1</td><td>2</td><td></td><td></td><td></td><td></td><td></td></tr></table>	K	1	2				
K	1	2						
	Includes: <ul style="list-style-type: none">• Right This Very Minute Book• Educator's Guide – lessons & activities• Set of 30 Snacks Ag Mags							
Link: https://www.dmsfulfillment.com/FarmBureau/DMSSStore/Product/ProductDetail/26344								

Animal Science

Lesson Kits

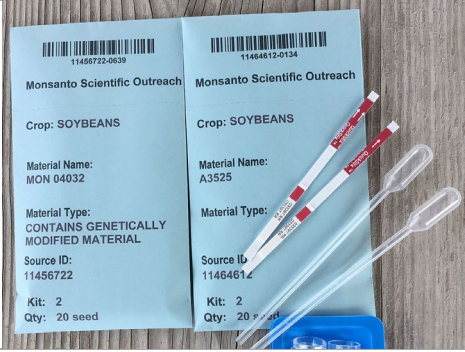

<h2><u>About Farm Animals</u></h2>	Cost: \$14/kit							
	Materials for 35 students							
	Recommended for Grades:							
	<table><tr><td>K</td><td>1</td><td>2</td><td></td><td></td><td></td><td></td><td></td></tr></table>	K	1	2				
K	1	2						
	This kit contains a one-page coloring and activity sheet for kindergarten and first-grade students, complete with wool, felt, grain and other feed samples for students to paste into place.							
Link: https://agclassroomstore.com/about-farm-animals-mini/								

<h2>Animal House Matching Cards</h2>	Cost: \$10/set							
	Set of 20 playing cards							
Link: https://www.agfoundation.org/recommended-pubs/animal-housing-matching-cards	Recommended for Grades:							
	<table><tr><td>K</td><td>1</td><td>2</td><td></td><td></td><td></td><td></td><td></td></tr></table>	K	1	2				
K	1	2						
	In this card game, students will learn about how farmers care for their animals and the types of housing farmers use for each animal.							

<h1>DNA/Biotechnology/Genetics</h1>									
<h2>Lesson Kits</h2>									
<h3>Biotech Cheese Kit</h3>	Cost: \$9/kit								
	Materials for 1 demonstration								
	Recommended for Grades:								
	<table><tr><td>6</td><td>7</td><td>8</td><td>9</td><td>10</td><td>11</td><td>12</td><td></td></tr></table>	6	7	8	9	10	11	12	
6	7	8	9	10	11	12			
Link: https://agclassroomstore.com/biotech-cheese/	Make cheese in your classroom using the same fast methods as industry! This kit includes the recipe to make cheese, cheesecloth, and two different types of rennet - one from an organic animal source and one from a genetically modified yeast source. You add water, powdered milk, and buttermilk (not included).								

<h3>Corn Genetics Kit</h3>	Cost: \$189.95								
	Materials for 32 students, working in groups of 4								
	Recommended for Grades:								
	<table><tr><td>9</td><td>10</td><td>11</td><td>12</td><td></td><td></td><td></td><td></td></tr></table>	9	10	11	12				
9	10	11	12						
Link: https://www.enasco.com/p/Genetics-of-Corn-Kit%2BSB41056?searchText=corn	A complete genetics lab for advanced high school classes and up. Covers basic Mendelian genetics, including segregation and independent assortment of alleles, dominance, genotype and phenotype, expected ratios, monohybrid and dihybrid crosses, and chi-square								

<h3>Food Evolution DVD</h3> 	Cost: \$95 (educational license)								
Link: https://www.foodevolutionmovie.com/edu/	Copy of the DVD								
	Recommended for Grades:								
	<table><tr><td>7</td><td>8</td><td>9</td><td>10</td><td>11</td><td>12</td><td></td><td></td></tr></table>	7	8	9	10	11	12		
7	8	9	10	11	12				
	F OOD EVOLUTION takes a look at the controversy surrounding GMOs. Academy Award® nominated director Scott Hamilton Kennedy explores the issue from Hawaiian papaya groves to Ugandan banana farms to cornfields in Iowa.								
	Educational Guide: https://www.foodevolutionmovie.com/wp-content/uploads/2019/01/FoodEvolution EducationalGuide Excerpts.pdf								

<h3>GM Seed or Leaf Test Kit</h3> 	Cost: \$15/kit								
Links: https://agclassroomstore.com/gm-soybean-seed/ https://agclassroomstore.com/gm-leaf-test	Materials for 1 demonstration or lab group								
	Recommended for Grades:								
	<table><tr><td>9</td><td>10</td><td>11</td><td>12</td><td></td><td></td><td></td><td></td></tr></table>	9	10	11	12				
9	10	11	12						
	This kit includes testing materials to indicate which seed or leaf contains the protein responsible for making Roundup Ready® soybeans tolerant to the herbicide glyphosate. The kit includes:								
	<ul style="list-style-type: none">• 20 conventional soybeans• 20 GM "Roundup Ready"® soybeans• 2 QuickStix test strips• 4 weighing boats• 2 transfer pipettes• 2 reaction vials• 2 zip closure bags								

<h3>Strawberry DNA Necklace</h3> 	Cost: \$56/kit								
Link: https://agclassroomstore.com/strawberry-dna-necklace/	Materials for 100 students								
	Recommended for Grades:								
	<table><tr><td>7</td><td>8</td><td>9</td><td></td><td></td><td></td><td></td><td></td></tr></table>	7	8	9					
7	8	9							
	Use this kit to extract strands of DNA from strawberries. Participating in the extraction of DNA will help familiarize students with one aspect of the work biotechnologists do. Strawberries not included. Kit includes:								
	<ul style="list-style-type: none">• 100 microcentrifuge tubes• 100 pieces of yarn• 40 transfer pipettes• Cheesecloth• Beakers & cheesecloth								

<h2><u>Wheat Germ DNA Necklace</u></h2>		Cost: \$40/kit						
	Materials for 35 students							
	Recommended for Grades:							
	3	4	5					
		<p>Use this kit to extract and observe strands of DNA from wheat germ. Kit includes test tubes, stir sticks, pipettes, microcentrifuge tubes, and yarn. Does not include wheat. Wheat bundles can be purchased for \$5 each: https://agclassroomstore.com/wheat-bundle/</p>						
Link: https://agclassroomstore.com/wheat-germ-dna-necklace/								

Farm Equipment/Technology

Lesson Kits

<h2><u>Flybrix Quadcopter Kit</u></h2>	Cost: \$149/kit						
	Materials for 1 quadcopter						
	Recommended for Grades:						
	7	8	9				
Link: https://flybrix.com/collections/flybrix-kits/products/quad-kit	Each Quadcopter Kit includes: <ul style="list-style-type: none">• 1 Quadcopter brick set• 10 Motor arms in three different styles• 4 Quick connect motors• 16 Propellers in two sizes and colors• 1 Propeller wrench• 1 Pre-programmed and hackable flightboard• 1 USB data cord• 2380mAh high current batteries• 1 USB powered battery charger						

<h2><u>Remote Control Machines:</u></h2> <h3><u>Farm</u></h3>	<p>Cost: \$99.95 – on sale for \$62.51</p> <p>Materials to construct 4 types of equipment and 4 implements</p>							
	<p>Recommended for Grades:</p> <table><tr><td>5</td><td>6</td><td>7</td><td>8</td><td></td><td></td><td></td></tr></table> <p>PLEASE NOTE: Teachers who ordered this kit in the past found it to be challenging/harder than it looks. Some partnered with high school ag students for help in assembling the machines.</p> <p>Gain engineering design experience and learn about physics and simple machines and other scientific concepts related to farming.</p>	5	6	7	8			
5	6	7	8					
<p>Link:</p> <p>https://www.amazon.com/Thames-Kosmos-Remote-Control-Machines/dp/B07B7S3KW5</p>	<p>Manual:</p> <p>https://www.thamesandkosmos.com/manuals/full/620381_RCM%20Farm%20Manual%20Inside.pdf</p>							

Plants/Gardening/Crops

Lesson Kits

Desktop Greenhouses		Cost: \$54/kit					
 		Materials for 36 students (working in groups of 2)					
		Recommended for Grades:					
		3	4	5			
Link:		<p>Do plants need light? Students will investigate the importance of light to plants by creating desktop greenhouses.</p> <p>Kit includes clear plastic cups with lids, black plastic cups, black electrical tape, black card stock, Jiffy 7 peat pellets, alfalfa seeds, white 5mm LED lights, 3-volt coin cell batteries</p>					
		https://agclassroomstore.com/desktop-greenhouses/					

<div><h3>Grains & Legumes of the World Kit</h3></div> <div><p>Link:</p><p>https://agclassroomstore.com/grains-and-legumes-of-the-world/</p></div>	<div><p>Cost: \$14/kit</p><p>Materials for 40 students (working in groups of 4)</p><p>Recommended for Grades:</p><table><tr><td>4</td><td>5</td><td>6</td><td>7</td><td>8</td><td>9</td><td></td><td></td></tr></table><p>This hands-on activity explores grains and legumes common in global agricultural production—barley, dent corn, popcorn, oats, rice, wheat, soybeans, lentils, and pinto beans. Students create their own journals that include important facts, descriptions, and samples of the seeds of these crops. Contains seed samples and grains and legumes information cards.</p></div>	4	5	6	7	8	9		
4	5	6	7	8	9				
<div><h3>Serious Cereal Science Kit</h3></div> <div><p>Link:</p><p>https://agclassroomstore.com/serious-cereal-science/</p></div>	<div><p>Cost: \$68/kit</p><p>Materials for 40 students (working in groups of 4)</p><p>Recommended for Grades:</p><table><tr><td>6</td><td>7</td><td>8</td><td></td><td></td><td></td><td></td><td></td></tr></table><p>The <u>Serious Cereal Science Kit</u> includes seed samples and laminated worksheets.</p><p>Samples of corn, wheat, rice, and quinoa seeds.</p></div>	6	7	8					
6	7	8							
<div><h3>Wisconsin Fast Plants Kit</h3></div> <div><p>Link:</p><p>https://www.carolina.com/wisconsin-fast-plants-life-cycle-growth-and-development/wisconsin-fast-plants-growth-development-and-reproduction-classroom-kit/158702.pr?question=</p></div>	<div><p>Cost: \$88.60/kit</p><p>Materials for 32 students</p><p>Recommended for Grades:</p><table><tr><td>6</td><td>7</td><td>8</td><td>9</td><td>10</td><td>11</td><td>12</td><td></td></tr></table><p>Make growth, development, and reproduction real for students with this Fast Plants® kit. Studies include measuring and quantifying germination, pollination, and seed development. Experiment times vary (3 to 40 days).</p><ul style="list-style-type: none">▪ Super-fast generation cycle of 35 to 40 days▪ Virtually maintenance-free▪ Cross-discipline applications<p>Be sure to check the list of what’s included</p></div>	6	7	8	9	10	11	12	
6	7	8	9	10	11	12			

Renewable Energy

Lesson Kits

Ethanol Biofuel Kit

Link:

https://www.carolina.com/carolina-ecokits/carolina-ecokits-ethanol-biofuel/FAM_187216.pr

Cost: \$130/kit

Materials for 32 students (8 groups of 4)

Recommended for Grades:

9	10	11	12				
---	----	----	----	--	--	--	--

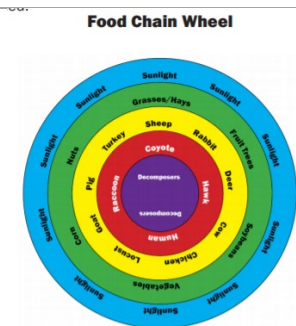

- Learn about alcohol fermentation and the role of enzymes
- Investigate the ethanol production process with enzymatic digestion
- Use scientific methodology to compare yeast fermentation of different concentrations

Be sure to check the list of what's included

Soil/Natural Resources

Lesson Kits

The Farm as an Ecosystem

Link:

<https://www.teachkyag.org/resources/the-farm-as-an-ecosystem>

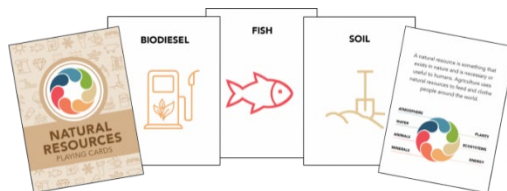

Cost: \$50/kit

Recommended for Grades:

3	4	5	6	7	8		
---	---	---	---	---	---	--	--

Includes:

- Binder with the lesson plans
- Parts of an ecosystem info sheets
- Organism cards
- Food chain wheel (to be assembled)
- Food chain game pieces.

<h3>Natural Resource Cards</h3>  <p>Link: https://www.agfoundation.org/recommended-pubs/natural-resources-playing-cards</p>	<p>Cost: \$10/set</p> <p>Includes 25 playing cards and 4 instruction cards.</p> <p>Recommended for Grades:</p> <table><tr><td>3</td><td>4</td><td>5</td><td></td><td></td><td></td><td></td><td></td></tr></table> <p>Cards can be used for 2 Activities:</p> <ul style="list-style-type: none">Who Am I? Players ask yes/no questions to identify what word is shown on the card.Who Is Like Me? Players try to fit their resource cards into one of the 7 natural resource categories.	3	4	5					
3	4	5							
<h3>Rapitest Soil Test Kit</h3>  <p>Link: https://www.carolina.com/environmental-science-soil-studies/rapitest-soil-test-kit/665404.pr?question=</p>	<p>Cost: \$26.45</p> <p>Materials for 40 tests - 10 tests each for pH, nitrogen, phosphorus, and potash</p> <p>Recommended for Grades:</p> <table><tr><td>4</td><td>5</td><td>6</td><td>7</td><td>8</td><td></td><td></td><td></td></tr></table> <p>Soil testing in 3 easy steps. Just mix soil with water, pour liquid into comparator, and add contents of capsule to instantly compare color for test reading.</p>	4	5	6	7	8			
4	5	6	7	8					
<h3>Soil Science Kit</h3>  <p>Link: https://www.enasco.com/p/Nasco-Elementary-Soil-Classroom-Kit%2BSB48134</p>	<p>Cost: \$200/kit</p> <p>Materials for classroom of 30</p> <p>Recommended for Grades:</p> <table><tr><td>5</td><td>6</td><td>7</td><td>8</td><td>9</td><td></td><td></td><td></td></tr></table> <p>A comprehensive introduction to soil! Students will gain a thorough understanding of soil formation, soil composition, and soil chemistry, as well as how soil factors into plant growth and ecosystems.</p>	5	6	7	8	9			
5	6	7	8	9
